LUXURY CAR RENTAL

О КОМПАНИИ

Компания Seven Luxury до ребрендинга была известна под названием Comfort. Это компания проводит свою деятельность с 2013 года. Задача компании предоставить туристам в аренду роскошные автомобили. Но у компании были свои проблемы, которые привели к ребрендингу.

ПРОБЛЕМЫ

Узнаваемость

- До ребрендинга логотип выглядел очень дешево, без стилистики, без фирменных цветов.
- Не было фирменного стиля, отсутствовала айдентика компании.
- Компания не выделялась популярностью и активностью.

Отсутствие сайта

- До ребрендинга компания работала только в офлайн режиме, принимая звонки
- Не было сайта, в которой можно было бы посмотреть весь каталог машин и оформить аренду на машины

Состояние офисов

- Офисы были со старой архитектурой, без стиля, не было внедрено в интерьере айдентика компании

СТАРЫЙ ЛОГОТИП

Как мы видим старый логотип компании выглядит не стильно, был не удачным. Этот логотип сложно адаптировать, плохо смотрится на маленьких форматах и не имеют свою идентичность.

РЕШЕНИЕ

Вместе с директором компании мы решили полностью изменить стиль и логотип компании, также решили создать веб сайт, в котором будет удобно выбрать любимую машину и забронировать. Также решили сделать изменения в офисах.

ЧТО ПОЛУЧИЛОСЬ?

Выбранный логотип полностью отражает силу и превосходство бренда. Мы объединили внешний вид спортивных автомобилей и роскошных автомобилей, чтобы соответствовать названию компании в логотипе.

ФИРМЕННЫЕ НОСИТЕЛИ

РЕАЛИЗАЦИЯ

Простой, но совершенный UX-дизайн был создан путем полного изучения пожеланий, возражений и интересов клиентов компании. Очень простые в использовании и быстрые, на этих страницах есть вся информация и фотографии списка парковок.

Отдельным аспектом проекта является запуск поисковой системы, что очень важно, поскольку экономит время.

Description

The Rolls-Royce Cullinan SUV is the brand's second vehicle to be based on the innovative luxury aluminum architectural platform. The first such car was the Rolls-Royce Phantom. The Cullinan reimagines luxury architecture, adding control, agility and off-road capability.

The aluminum body shell is matched with the redesigned air suspension for a smooth ride that has become a trademark of the British brand. The Rolls-Royce Cullinan is a unique and one-of-a-kind ultra-luxury crossover.

One lady was behind me in her Nissan Rogue and I aggressively accelerated out of a roundabout. When we were stopped at the light she blocked her head out of the window and said she had my car and how it accelerated.

Another instance was the other day going to my car after work. I got stuck in traffic (was 15 mins) if that was my Mercedes "that's the turbo version right?" I said yes it was and thanks.

Anyway, anyone else had this happen? I like that there are seemingly "normal" people who are still automotive enthusiasts.
