

In the new logo, the wheat symbolizes striving upwards and is in dynamics. The font is chosen in a modern austere style, and the color scheme in soft shades of green and gray.

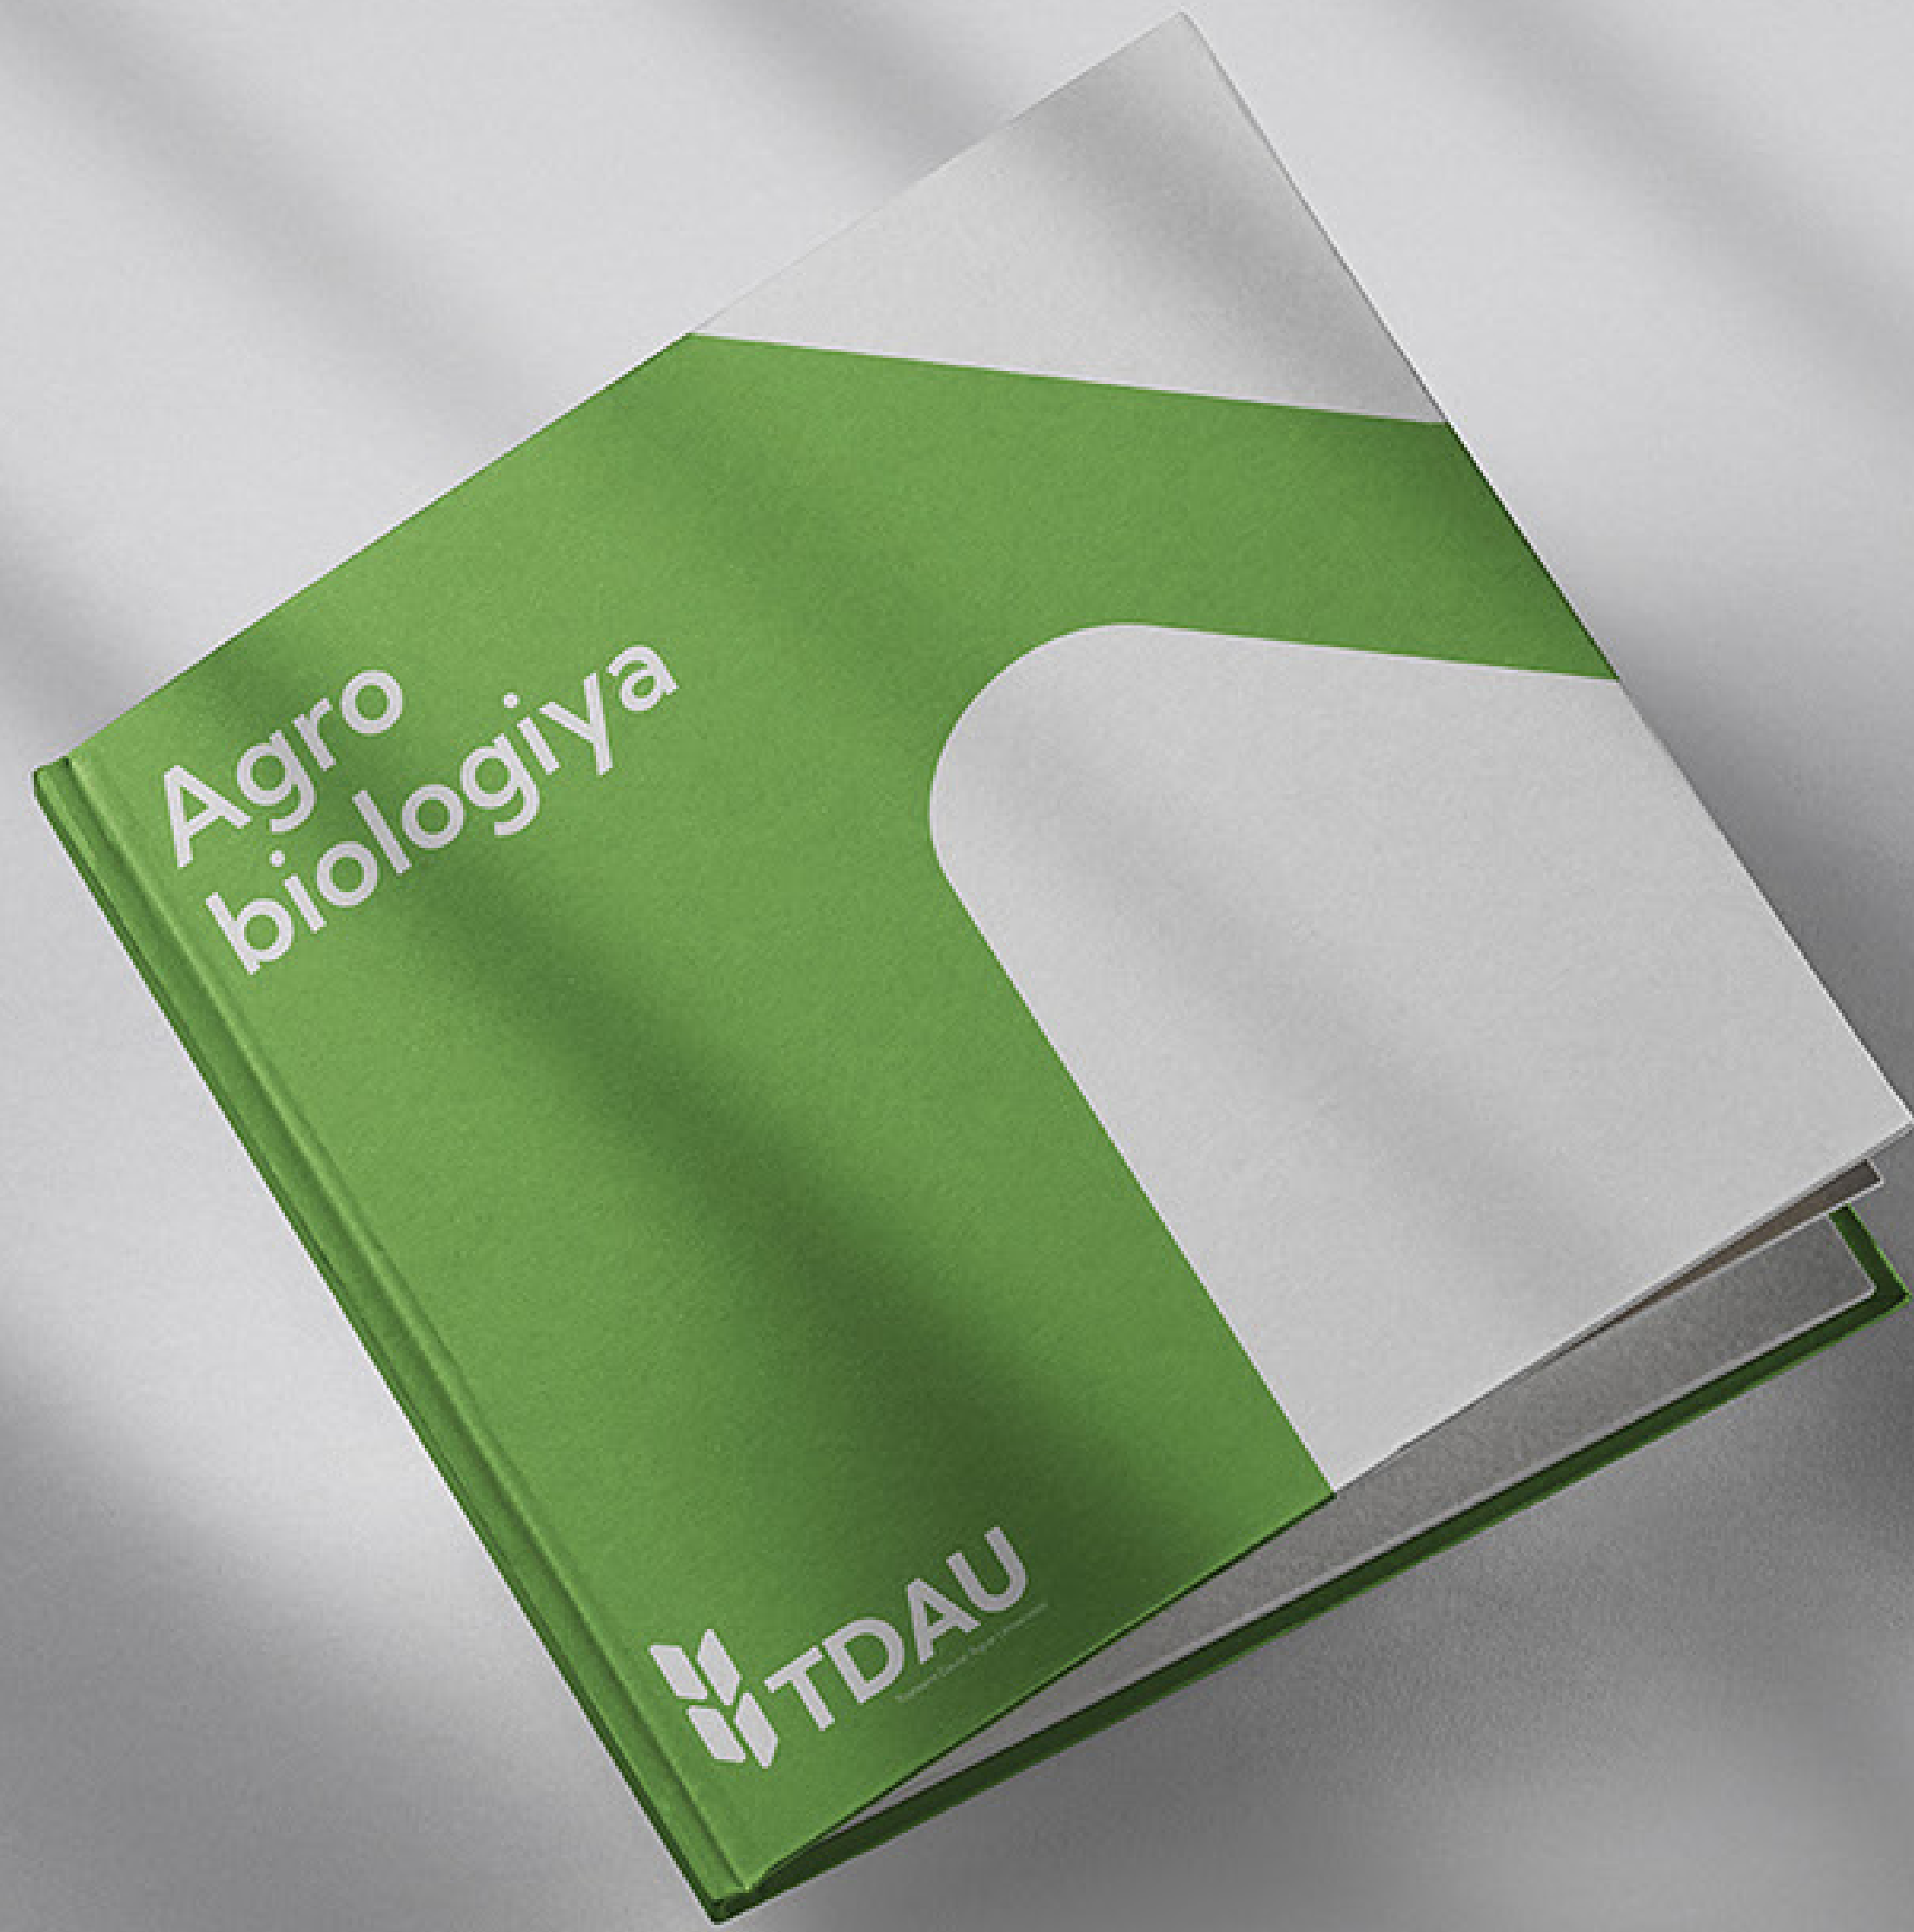

Green represents ecology, plants, life. Gray – symbolizes foundation, foundation and knowledge.

The new color scheme will also be applied to other attributes of Tashkent State Agrarian University.

## Identity for TDAU

The university is moving towards the introduction of new technologies and optimization of resources, so the new identity had to include all these aspects.
